## Comment text:

Your proposals are sound.

They equalise the two former biggest wards in the district - Bingley Rural & Bingley - and make them a manageable size.

Eldwick is very much a part of Bingley and it is positive you have retained it whole in East ward.

Cottingley is virtually equidistant from Bingley and Shipley. So, is already physically separate from Bingley. It also has excellent public transport links with Shipley.

Accepting something has to give, South Cottingley becoming part of Shipley ward is the most practical solution.

North Cottingley being down a hill from the village & estate already has a 'separate feel'. It fits in well to the new Bingley West.

I commend your work.

Yours faithfully,
