## Comment text:

I want to register my concern about this proposal to split the village of Eldwick between Bingley and Baildon. I believe if this proposal were to come into force it would be extremely detrimental to our village. There would be many problems that would affect half of Eldwick should this happen.

We are all at this moment in time, served well by being in the Bingley ward. For instance, the refuse collection is efficient. Would the Baildon ward really take responsibility for half of Eldwick? I very much doubt it!  
What about the gritting and snow clearing in the winter months? Would the Bingley half of Eldwick be cleared whilst the Baildon half be left to struggle!! Can you imagine the mayhem? Clear roads as far as the post office, then the motorists hit ungritted roads or thick snow!! And having lived in Airborough when this style of separation happened - yes that actually did happen on Bayton Lane by the airport. Check with the records, terrible accidents occurred!

To keep this short I have named only two possible problems, i am sure I could name many more.

Just from a community point of view, we are a close knit community who care for one another - a miracle in this day and age, why on earth would you want to cause a partician?

Please think very carefully before you embark on such a terrible proposal.

I look forward to hearing from you and hope and pray that some sort of sense will prevail
