I have concerns over the suggested changes.

While I recognise the need to review wards at times, I would like to understand what the impact of this change will be on my ability to influence what happens in my town centre.

Is the rail line an appropriate split as it carves off a large amount of voters who live in Bingley. Also other areas having the ability to have more of a direct influence on the town centre than those who live here e.g Harden, Cullingworth.

I don't believe that this should be done at the recommendation of Baildon town council.
