## Comment text:

Sir,

I would have it known that I wish Eldwick to remain as a whole within Bingley Ward and object to any proposal to split it between Bingley and Baildon Wards.

Eldwick is a connected area as a whole.

To split the area and to include a part with Baildon (between which is a large natural moorland) does not make sense geographically, nor as a benefit to the established community.

Your Faithfully
