## Comment text:

**Related subject:** Bingley central

Bingley Town centre and surrounding residential areas need it's own ward. Putting the town into a rural ward makes absolutely no sense whatsoever. Neither will it help Bingley people or those in nearby rural villages. Each have their own unique issues and I doubt very much a councillor based in either area will understand the others issues. Having a different councillor on the other side of the towns main road is ridiculous. Bingley central must have its own ward.
