## Comment text:

**Related subject:** South Elmsall

The proposal to make the parish council boundary match the district council ward boundary makes sense. However the proposal splits the settlement of South Elmsall making the Minsthorpe area part of the Upton & North Elmsall ward area. This doesn't make sense and the boundary should be adjusted the other way to make the settlements of South Elmsall & South Kirkby one coterminous area and not split off the Minsthorpe area.
