Related subject: Homesteads

I don't like the idea of our Homesteads ward being lost into another ward.

Firstly the name represents the community spirit within the ward where people are so friendly and look after each other.

Secondly we have a wonderful councilor in Gary Byrne who lives within the ward and therefore has the ward at heart. He knows exactly what is going on in the ward and can therefore represent us knowingly.

Thirdly the Homesteads ward is already a very large ward population wise and only getting bigger with the new estates being built where there was once just one house.

All in all decisions made by central government without knowing the personalization of the area they are trying to alter are normally done for their own personal gain rather than the benefit of the population involved.
