I wish to push for Aveleys boundary to remain that of the A1306 at the bottom of Purfleet road and NOT the A13 which splits the road between two areas. There is no need for this and I find unhelpful. Purfleet road and the remaining 8-10 houses at the bottom are in Aveley and not Purfleet as you'd like them to be. Also the houses along A1306 are also Aveley and should remain as such. To move them to Purfleet will almost definitely have a reduction in the price of the property as Aveley is sought after and Purfleet is not as much. The club at the bottom of the road is and always has been Aveley Fire Brigades or Aveley Sports and Social Club and you now want to move it into the Purfleet boundary. It is a stones throw from Aveley and a drive to Purfleet so I do not understand how this would benefit anyone. Move uplands to Purfleet as you wish but leave Purfleet road and the A1306 as Aveley
