## Comment text:

**Related subject:** Council Boundaries- Homesteads

My Father and I live in the Homesteads and would like to see this remain. We don't want to be lumped together with other areas of Stanford Le Hope and Corringham. We are the Homesteads and feel our concerns are better met by us having a councillor that can put forward matters relating to Homesteads, being lumped into a small part of a larger group will retract from things that matter in our area and concerns of changes that affect us.
