**Related subject:** Jesmond and Shieldfield and Ouseburn

Having read the proposals I would like to offer an alternative view of the boundaries for Jesmond and Shieldfield and Ouseburn. An area of Jesmond which I live in has been included in the Shieldfield and Ouseburn Ward rather than the Jesmond Ward and I propose that it should be included in the Jesmond Ward: please see the attached document for map. The boundary should run the full length of Churchill Gardens, along Lansdowne Gardens and onto Northumberland Gardens, onto Selborne Gardens and then onto Rosebery Crescent. (Also probably Rosebery Place).

I can understand when just looking at a map that you might draw the boundaries that you have. However, anyone with a knowledge of the area would see that it is not as simple as it seems. The A1058 was constructed underneath this neighbourhood and the boundary that you have drawn cuts across it; Please see attached document for a photo that illustrates it.

It appears that Jesmond Road has been cited by various councillors as a natural boundary for these two wards. However, it is inaccurate to describe Jesmond Road as a boundary, it actually runs through Jesmond. That this area is historically part of Jesmond is acknowledged by Newcastle City Council itself in the description of their own social housing at the Minorities on Rosebery Cresnet:

The Minorities, 42 Rosebery Cres, Jesmond, Newcastle upon Tyne NE2 1EU

Exclusively for people over 60, there are 23 one-bedroom apartments in The Minorities in the Jesmond area of the city. Ref. <https://new.newcastle.gov.uk/housing/council-housing/directory-council-housing-support-newcastle/minorities>

MANAGER'S DESCRIPTION "The Minories lies in a quiet residential area of Jesmond close to local amenities and Jesmond Dene."

<https://housingcare.org/housing-care/facility-info-7225-the-minories-jesmond-england>

The Managers description is accurate. It is a quiet residential area close to Jesmond Dene with it's own 'village green' and surrounded by trees.

This is different to the neighbourhoods of Shieldfield and Ouseburn. One resident of Shieldfield posted this comment "Notably, Shieldfield faces challenges (for example, food insecurity and lack of access to green spaces)". A Labour Councillor described it as 'an area predominantly made up of local authority housing, including a mix of houses, low rise flats, and four high-rise tower blocks.' Shieldfield and Ouseburn are wonderful places but they have different local concerns.

In elections, currently residents of this area are sent to Holy Trinity Church on Churchill Gardens as the Polling Station for the area. The way you have drawn the boundary means that the Church is in Jesmond and the residents are in Shieldfield and Ouseburn. Apart from the questions of how this would be dealt with does illustrate that the boundary is not in the right place.

The main access in and out of this area is at the junction of Churchill Gardens, Jesmond Road and Shortridge Terrace. At this point you are in the new Jesmond Ward. Because of the geography of the area there is no direct access for cyclists or motorists to the Shieldfield and Ouseburn ward. There are two footpaths which happen to be both badly lit and isolated.

Residents here a part of Jesmond and use the services such as GP Surgeries and Dentists as well as the amenities such as Jesmond Pool, Jesmond Library, Acorn Road and of course Jesmond Dene. Neighbourhoods and communities are very important and to be excluded from Jesmond by a misplaced boundary would be detrimental to the residents who live here.

Thank you for considering this proposal and I would be very happy to provide any further feedback and to show you round the area!
