## Comment text:

Hi,

We were emailing to give our views as residents of Borrowby Rise in relation to the boundary between Nunthorpe and Marton west. It is making us as residents feel excluded from the community that everyone else on the Grey towers estate is a part of Nunthorpe and only 2 roads on the estate are Marton West. We bought the house with the view that we were a part of Nunthorpe too; taking careful consideration as to where we would be raising a family, putting all of our savings into a house and when choosing schools for our children. I feel strongly that we should be allowed to be a part of the Nunthorpe community as we are on the same side of brass castle lane and in the same estate as all other Grey Towers village residents - it doesn't seem to make sense that only 2 roads on the estate would have a different boundary. It actually feels unfair to have to justify why we should be a part of a community when we reside in the same estate as other Nunthorpe residents.

Grey towers has always been Nunthorpe, that's why we bought our house here and chose to raise our family here.

We hope our views are taken into consideration and that this reaches the people who will be making a decision.

Kind regards,

[REDACTED]
