Related subject: Proposal to change boundary that runs along stainsby beck

I feel that as this area of green space is a huge part of the Trimdon ward, all of the properties that run at the side of it are Trimdon ward. The other side is the a19. What is the point of handing it over to another ward . Is it so they can sell ot off for more housing, which Acklam is already gridlocked. I object to this ridiculous proposal.
