Comment text:

I disagree with the boundary changes to Brookfield and Trimdon, specifically, in moving the boundary line back from the beck. The beck creates a natural boundary between Stainton and Trimdon ward; moving the boundary has no impact on the number of residents in the ward however, it does remove a significant portion of green space from Trimdon. It would hand over control of green space outside of the houses in Trimdon ward, bordering the green belt to Stainton, which is of great concern to me as a resident, if it removes the right to object to house building on the green belt between the beck and the properties in Trimdon bordering the green belt. This has already been tried once and was met with much objection from the local residents.
