Related subject: Proposed boundary changes to Trimdon ward

Hi,
The plan to incorporate/merge with parts of Stainton seem ill-conceived. It is too widespread an area with different demographics and differing needs, etc. I understand this very well, as I previously lived for a number of years in that ward/part of Middlesbrough.
It's seems to be the sort of proposal which might tick a few boxes on paper but in reality the proposed changes will do little to help satisfactorily meet the differing needs of these communities.
I sincerely hope that this proposal will be ditched.
Thanks for your time.
Kind regards,
[REDACTED]
