Related subject: Trimdon Ward

Changing the Trimdon ward Boundary is a ridiculous idea & makes no sense other than to housing developers & those in government who financially benefit from building houses on green space. I have young children & a dog & by removing what little green space is available for them to enjoy safely just so a road can be built is another example of the sorry state this country is in. Growing up as a child my best memories are playing outside in green spaces but children in 2024 onwards are going to be restricted to being in front of a tv for entertainment if the removal of green space across the country continues to be permitted.
