## Comment text:

**Related subject:** Ayresome

Please don't take away the historical name of Ayresome and therefore erase an important part of the areas ancient history. To just throw away and discard the name is appalling!! I am from London but have lived more of my life in Middlesbrough now, despite my heart definitely being firmly in London, I have developed a sense of pride in the area that I now live!! Ayresome has such a beautiful and poetic meaning, something that is important that isn't lost!! Save the name, Newport and Ayresome seems like a excellent compromise as a name for the ward.
