TRIMDON WARD BOUNDARY

CHANGES

I live in Acklam for 60 years and Stainsby Beck has been our boundary line all these years for Thornaby / Middlesbrough historically.

Therefore, I do object to the proposal of Trimdon Ward boundary changes. I strongly feel Stainsby Beck should remain the same with us with no changes whatsoever.

Furthermore, Saffwood Beck is another strong boundary line and should remain too. It has given the residents including myself lots of good mental health especially during Covid situations.

In conclusion, there should be no boundary changes and let Trindon Ward remains in control of existing boundary in question.

Your consideration and attention to the above matter will be highly appreciated.
