**Related subject:** Middlesbrough - Nunthorpe/Marton West Boundary

I am a resident of the Grey Towers Village estate. I would prefer to stay in the Nunthorpe ward, one of the reasons we purchased our house was its location in Nunthorpe. A move to Marton West has the potential to decrease the value of our property and increase our insurance premium. We are better served by the councillors and the parish councillors being part of Nunthorpe and would reduce the impact to school place allocations in future if we remained part of the Nunthorpe ward.

I believe that Borrowby Rise and Plantation View should come under Nunthorpe, all being part of the Grey Towers Village development, but to move the entirety of Grey Towers Village from Nunthorpe due to these two roads would have an impact on the residents.

If the aim is to avoid an impact to Nunthorpe ward numbers going forward, other than the Grey Towers Village roads already identified to potentially move into Nunthorpe then the boundaries should stay the same and the planned development at Ford Close could be included in the Marton West boundary, removing any further impacts to the Nunthorpe boundary.

People have bought homes on Grey Towers Village to live in Nunthorpe, not Marton - changing this now following purchase and occupation of those homes is unfair to us as residents.
