## Comment text:

**Related subject:** Kader

I believe that mandale meadow should stay within the kader ward. I believe the move to transfer it to an alternative ward is to help in avoiding the resistance to providing planning permission to build on this land by moving it to an area with less interest in its retention due to lack of proximity and the likelihood of residents utilising this area. As no-one lives in this area directly I cannot see how it benefits the proposal to increase voter parity in wards.
