Hello,

I live within Plantation View which is under consideration to move into Marton West ward, or for our road and the rest of Grey Towers Village to be moved into Marton West boundary.

I feel very strongly that Plantation View and Borrowby Rise should move into the Nunthorpe Ward.

This is due to many obvious reasons but mainly because our address is literally Nunthorpe and that's where we have chosen to live!

Grey Towers was promoted and marketed very heavily as a prestigious estate in Nunthorpe - it feels false advertising to then be told (which we didn't even realise until 6 months ago) that our part of the estate is in Marton West - not even all of it, just a few streets. It feels sneaky and unfair like we're left out or not wanted.

How can we be part of Nunthorpe if we're not in the boundary and have a different local cllr with different views/opinions needs of their ward area? Marton West will have different concerns that our estate is likely not to be interested in - as we live in Nunthorpe!

It makes us feel different and not part of the Grey Towers estate - we'd all share the same issues on the estate if there were problems, it would make us feel less part of the community which is actually really starting to thrive, to leave two streets out really is wrong.

As to moving the whole estate to Marton, it is out of the question - without sounding snobby people are choosing to live here as it's part of Nunthorpe - we didn't move to Marton and we want to be part of the Nunthorpe Community - we will even live right near the new community hall which surely is intended to be the heart of the Nunthorpe community? If we have children they will obviously go to school in Nunthorpe, we use all the local amenities and support the local businesses here.

Our interest is in Nunthorpe and the whole estate should be equal.

Regards
