Related subject: NWLDC Proposals

I see very little benefit from the Labour Proposal to increase the number of councillors....I see a negative of more expenses having to be paid. It is worthy of note that I wouldn't recognise ANY councillor if they were stood next to me and I'm not alone. As a rural resident I do not see what my Council is doing...no changes.... overgrown verges, non gritted roads, pot holes that average a tyre/year... Parking charges increasing but no public transport alternative. It's not more councillors that are needed but improved strategic planning & areas of responsibility that can have a positive impact on communities as a whole.
