## Comment text:

**Related subject:** Tipton

Tipton has a number of issues with roads - Great Bridge Island is waiting for a serious accident. It would be good to remove the island and input traffic lights like Burnt Tree island that is much better although the wasted space in the middle is ridiculous.

Great Bridge does not feel a safe place anymore with drugs, rough sleepers and empty shops.

It would be good to see more leisure activities in Sandwell, Sandwell Forge Mill Farm is good but there is only machine or pop up food facilities, it would be good to have some indoor space where families can eat.
