## Comment text:

**Related subject:** Freshney Ward

I have previously filled this in but would like to add something as I am quite concerned after last nights full council meeting. It was stated that Freshney Ward was formed in 2003- I believe it was 1983. Mr Jackson claimed he has canvassed the area many times but no one remembers this ever happening, he definitely needs to come and have a look around the area as he said breaking us up makes sense as we are 'geographically far apart'. Wybers is one road crossing away from the Willows, Great Coates and Wybers are joined by Aylesby road and the Willows and Great Coates are joined by a cut through which is used to access the shared bus services and train station. It is obvious this is an attempt to break up our fantastic independent councillors- Mr Jackson stated in the meeting this is untrue, calling it a conspiracy on the internet.
