Related subject: Freshney Ward

I do not wish our ward to become known as the west Marsh, our ward has its own community base whom look out for one another and have worked hard on turning the reputation of the area around and to be put in with the west march ward undermines all the hard gone in by local and councillors over recent years and will again be known as the 'rough part of town'. Our councillors have worked hard to gain the communities trust and done what we have asked to help improve the area and to change to another ward would tarnish those friendships and built bonds over the years.
