New Waltham is connected to both Grimsby and Cleethorpes so our councillors and local MP should reflect this. If I have issues to raise or vote on they are more likely to be related to Grimsby or Cleethorpes therefore I do not know why or understand why we are linked as a constituency to Brigg and Immingham and would have to contact an MP outside of that jurisdiction to raise issues about my local areas of Grimsby and Cleethorpes. I feel Immingham and Brigg are better connected or Brigg is probably better connected to an area including Caistor.
