**Related subject:** Proposed dismantling of Freshney Ward, NE Lincolnshire

The council's proposal does not create appropriate boundaries which reflect community ties and identities (one of the NELC criteria supporting their proposal) for the following reasons:

Schools: Great Coates Primary School is on the Willows Estate and its catchment area includes a large portion of Willows Estate addresses. John Whitgift Academy (secondary school) catchment area includes all of Willows Estate and Wybers Wood addresses.

Shops: lack of facilities in Great Coates mean that residents are served by shops on the Willows Estate and Wybers.

Transport: Great Coates train station serves Willows Estate and Wybers residents.

Church: Great Coates church is within the Wybers boundary.

Freshney councillors: the Ward councillors have worked hard to be accessible, improve and unite the Ward. Public interest in their local ward has grown, which creates pride and unity and a safer place to live.
