**Related subject:** Freshney Ward - Wybers Wood

At present we attend a couple of local Community Groups within the existing Freshney Ward who hold monthly meetings - either on The Willows (BK Centre) or Wybers Wood (The Jubilee Inn - room availability is not guaranteed).

These meetings work hard to serve the needs of the whole Ward.

The suggestion to abolishing the Ward and conjoining with three other existing Wards makes no sense.

The Wybers Wood Community will become even more isolated as we have no meeting facilities. It would also be difficult attending any meetings held elsewhere owing to lack of public transport.

We feel that this move is detrimental to all residents of the existing Freshney Ward - which has worked very hard to bring the three diverse areas together.

The River Freshney is a natural boundary so we would ask that you reconsider this recommendation to split the Ward,
