**Email:** [REDACTED]  
**Postcode:** [REDACTED]  
**Organisation Name:** (Member of the public)

## Comment text:

**Related subject:** All services

I would like to see the council members keep some of the local heritage maintained.  
The roads and public footpaths are in a shocking state, hazard's difficult to navigate with pushchairs or mobility aids. Reorganising boundaries needs to ensure that health and social care services link up without division as this is not the current situation I find in my professional line of work.
