I have lived on the willows and the Wybers since they where first built(1967) my parents and I lived on the willows, when I flew the nest I moved to the wybers. When my sibilings moved out, my parents moved to Aylsby park from the Willows as do many people. All of these estates are linked I use all the facilities on both estates as do many other residents. Any proposals to split the Freshney are not in the interests of the community and should not be considered. FRESHNEY SHOULD BE KEPT TOGETHER, IN THE INTERESTS OF ALL US RESIDENTS!
