I am concerned that the councillors in my above area will have too many electors in their divisions to fulfil their duties adequately. These are above the Local Government recommended number of electors. I understand that many councilors will have over 6,500 electors each to represent by 2030 if no changes are made.
I would support North Yorkshire Council having 108 councillors with an increase from 13 to 17 in my own area of Harrogate and Knaresborough.
