Related subject: Draft recommendations - new wards

Hi,
Appreciate the work that has gone into the identifying of the wards. Just a couple of comments around the changes to Meriden, as a resident there.

I'm not sure that 'Arden' really works as a ward name, I've never heard of the area referred to in that way by anyone. There are also close links between Meriden, Balsall and Berkswell which would be lost as part of this change, which is a shame.
