Hello

I cannot believe this change was the prime subject of an investigation but more likely just something that was noticed that would look cleaner on a map during another exercise..

I wonder just why people's time is being spent discussing it.

Time spent on this costs money and diverts people from greater issues.

Imagine what would happen if you just did.....nothing.

No further time or money spent, residents will continue to write their correct addresses, no maps to re-draw, no letters to send to advise people their address has changed, St Margarets School will not be separated from St Margarets Church and no residents in either constituency will be unhappy.

Please consider this because to me and others it does make sense.

Regards
