## Comment text:

**Related subject:** St Alphege Ward and Olton Ward

My wife and myself live on Streetsbrook Road and the junction of Stonor Park Road. We are in the parish of St Alphege Church and the catchment area of St Alphege Infant and Junior Schools

We are 1/2 mile from Solihull Station and 2 miles from Olton Station. We are less than a mile from the centre of Solihull and over 2 miles from the centre of Olton

We understand that we would become part of Olton Ward which is because an arbitrary line has been drawn using the railway line

This would place us away from St Alphege in an area geographically further away which does not seem reasonable or logical.

We would not expect the councillors from Olton to be able to influence or fully appreciate matters affecting us in the St Alphege parish and locality

We would wish to see us remaining in St. Alphege as we are not connected to the Olton area
