## Comment text:

I completely disagree with the changes about the ward boundaries How St Margerts church is in olton and not the school after the changes and plays a big part of the local community How this is going to change support for the school on fund raising days they do and community spirit in the area I believe that this is only being done for voting purposes and nothing to do with the community in mind of olton I would also like to know which council party is responsible for this matter so as a homeowner I can look at for reimbursement on house price reduction that will be incurred from your party I would also like you to inform me of which Tory councillor was so very rude and arrogant about olton area because I would be very happy to hear in person from them exactly what they think about my home area that I am very proud to live in I would also like to hear from them area street they live in founded by the people they are supposed to be working for one definitely less vote for the tories [REDACTED]
