**Related subject:** St Alphage and Monkspath

As a Hillfield resident, I agree with the proposal for a new ward of St Alphage and Monkspath. There are many links between Hillfield and Monkpath, including the use of local shops and medical facilities, and the type of housing is similar. I do not think it necessary to include the name Hillfield in the description of the ward as we are used to being part of the existing St Alphage ward and there is no communal centre within Hillfield, in contrast to Monkspath.
