## Comment text:

**Related subject:** The proposed changes to the Solihull ward boundaries for Olton and the wider area

I have lived in Olton now for 7+ years and am proud to be a part of the Olton community. I specifically purchased my house on the basis of it being in this ward and am passionate that it should remain in the Olton ward - I haven't seen any proposals to compensate residents who purchased houses in the Olton ward in good faith for moving the boundaries which could have economic implications when it comes to the sale of properties. To add, we are proud to live in Olton and to have a decision like this made totally undermines the integrity of the house purchases we made when moving here. The Church and the School are intrinsically linked and are at the heart of our community. The conservative party are out of touch with the feeling and sense of belonging we have here. This decision feels very 'them and us' and it is disappointing that this should exist as we strive for inclusivity.
