To subject the residents of Castle Bromwich to the catastrophically run Birmingham Council is unjustified and obscene. There can be no boundary benefit or list of proposed benefits that warrant moving the residents of Castle Bromwich from a council as well run as Solihull and Meriden, to a bankrupted one.

This idea is abhorrent and could cost residents of Castle bromwich thousands In house prices, and increased tax payments.

Your choices have consequences, and those consequences are detrimental to the health and wellbeing of the constituents of Castle Bromwich.
