**Related subject:** Meriden and Berkswell

A big no to the proposed constituency boundary changes.

In Meriden and Berkswell, we rely on Balsall Common for GP and Dental services, vaccinations, blood tests etc, a Post Office (now we are losing ours). The senior school our children travel to (5miles), the railway, nearest supermarkets, petrol station, restaurants, solicitors. Meriden is a village steeped in history back to Lady Godiva and deemed centre of England.

It should be noted you cannot even be bothered to put Meriden on your planned map!!

We don't want to be lumped in with other areas we are not associated with. We want to continue as we are. So save the unnecessary costs involved and leave us as we are
