**Related subject:** Olton

To whom it may concern,  
We had a leaflet dropped through our door yesterday !! (October 13th) about the Boundary Commission changes affecting where we live. We are being advised that we will potentially be moved from Olton Ward to Lyndon Ward. We have lived here for 30 years and always been part of Olton and extremely proud to be part of the Olton Ward. The impact of this change has not been explained fully and we are NOT in agreement with this change. What impact does this have on Council tax ? House prices ? Home and car insurance ? etc etc. Olton is a very strong community built around St Margaret's Primary School and St Margaret's Church which would be split across two ward's if these changes took place. This is not in the interests of our community which has been built over many years. The change seems to be happening to the benefit of party political gain and vote grabbing, which is not in the spirit of community strength. Please leave our wards alone and let them thrive as they have done for many many years.

Concerned OLTON resident
